

Real-time leads available at the flip of a switch!

MedicareCENTER delivers quality leads directly to you to help boost your business year-round.

Did you know you can access real-time leads from MedicareCENTER.com and the MedicareCENTER Mobile App? Follow the simple steps below to start increasing production today!

- Click “Get Started” at the top of your Dashboard
- Click “LeadCENTER” and follow the steps to properly set up campaigns and purchase leads
- Click the “Check In” toggle and switch your status to online when you’re ready to have leads delivered to your MedicareCENTER CRM or Agent Phone Number
- Confirm your Check In information, including Lead Type and Lead Source
- Store the MedicareCENTER Virtual Operator number as a contact in your phone to easily identify call leads as you receive them
- When you’re ready to pause lead delivery, simply click the “Check Out” toggle to switch your status to offline

Build your business with simple real-time leads through MedicareCENTER.com and the MedicareCENTER Mobile App — start using this powerful solution today!
